WHERE

Faenza is a small city (roughly 60.000 inhabitants) but it's culturally quite active as it is a worldly center for artistic ceramics.

Geographically it is situated in the region Emilia Romagna (in the province of Ravenna), and it is close to both the Appenninis mountains and the Adriatic see. It is very well connected by public transports to Bologna, Ravenna and also Firenze, very important Italian artistic cities.

Faenza

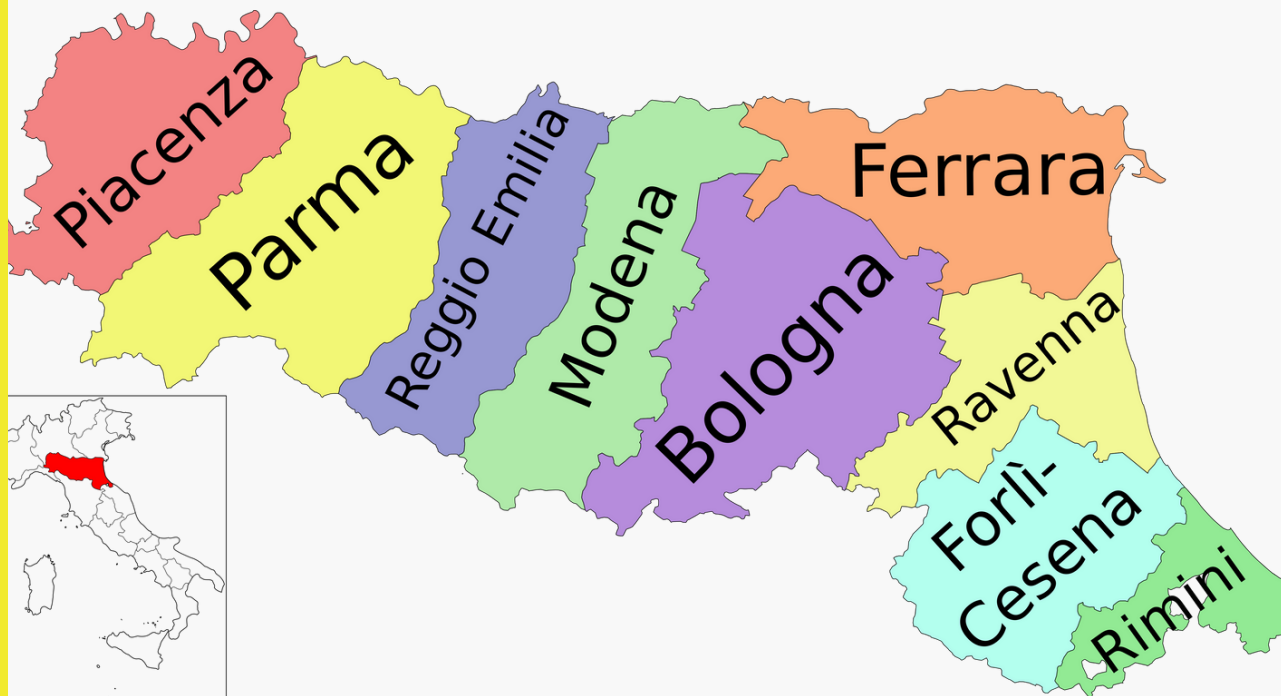

OUR REGION

EMILIA-ROMAGNA is located in center Italy, very well connected with both the north and the south, with the mountains and seaside. The main city is Bologna.

Emilia Romagna is famous for the food: lasagne, Bolognese sauce and much more!

ACCOMMODATION

The accommodations of the volunteers are 2 apartments situated in Faenza city center (Via S. Agostino n. 1; Via Calligherie n. 12) or the guest house of the Contaminaion LAB (Via S. Giovanni Bosco n. 1), also in city center.

There will be double rooms (fully furnished), to be shared with another volunteer or a student of the same gender, and all the necessary facilities.

MONEY

You will be given:

- accommodation (with all the utilities paid);
- €300/month including food and pocket money;
- travel refund up to €275 or €360 according to the distance band.

TRAVEL

We will pick you up in Faenza train or bus station and take you by car to your new home! The closest airport is 'Aeroporto G. Marconi Bologna BLQ'. You can also fly to Milano (Malpensa or Bergamo), then reach Milano central train station and then a direct train to Faenza.

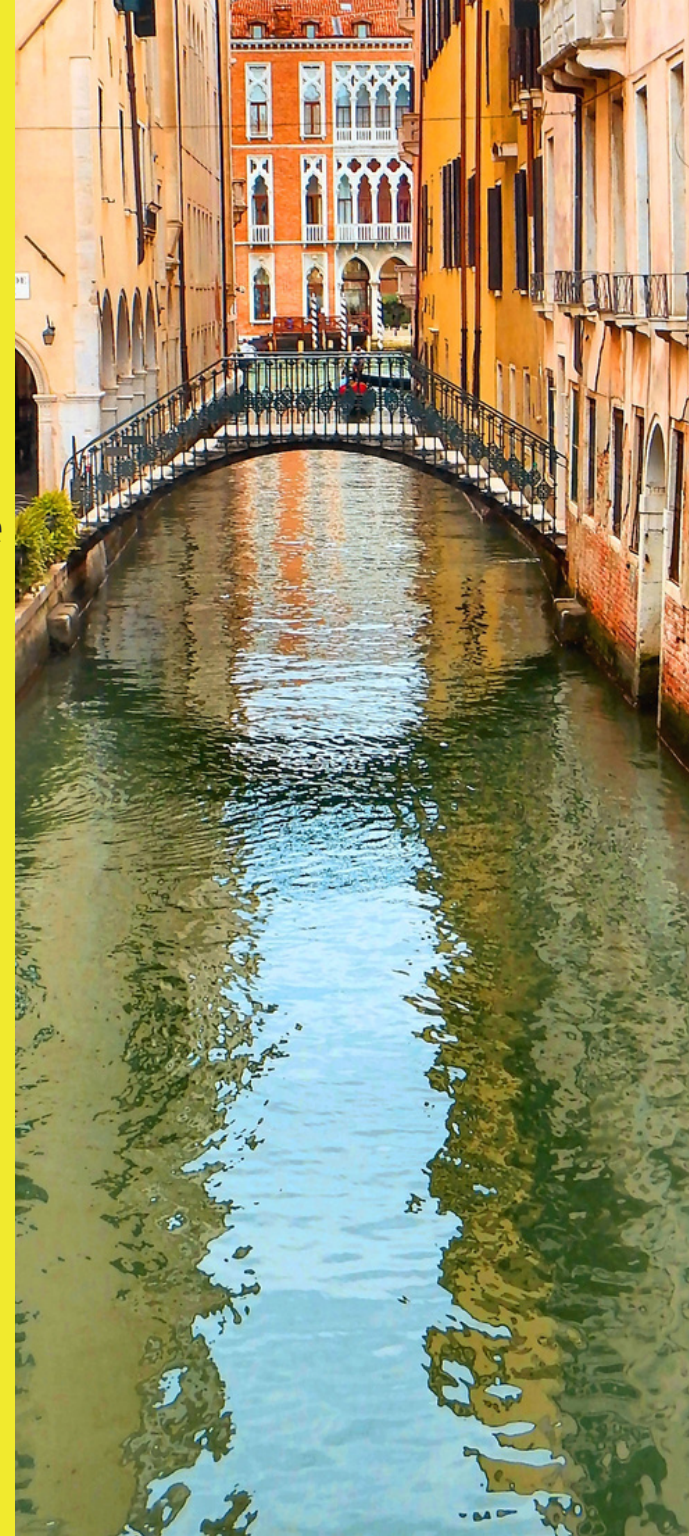

HOLIDAYS

All weekends are free (if there is an important project during the weekend, the volunteer will know in advance and will get extra free days in the following weeks).

Bank holidays (e.g. Christmas) are free.

Every month, the volunteer gathers 2 free days. Of these days, some are spent when the office is closed (e.g. Christmas and Easter).

WEATHER

There is a big difference between winter and summer in Italy.

In winter it can be quite cold (0-10 degrees) and very hot in summer (25-35).

YOUTHPASS AND CV

By the end of the project you will get a youthpass, a certificate attesting the skills you acquired during your volunteering.

Also, we will help to write a CV so that it will be easier to find a job or another project to participate in.

ACTIVITY 1:

Learning is Fun

PiGreco
CRESCERE IMPARANDO

We believe that teaching and sharing are the best way of learning, and that constantly improving oneself is vital to the wellness of human beings and society.

In order to provide everybody with the chance to learn, however, it is necessary to adapt the teaching to the student, to explore new methods, to share experiences and knowledge because teaching and learning are most effective when they represent two sides of the same coin.

ACTIVITIES

The activities will be equally divided into Learning and Volunteering, they will follow a learning by doing approach in the frame of non formal education.

- Languages (Italian and English)
- Pedagogical methods and doing researches
