Background and Experience

Please briefly present the partner organisation.

PiGreco – SEMI di Intercultura APS is an association resulting from the 2023 merger of *SE.M.I. – Seeds for More Interculture APS* (funded in 2016) and *PiGreco Apprendimento APS* (funded in 2017).

It is an amalgamation of educational techniques and intercultural activities. Rooted in Faenza, Italy, our mission is to foster transformative paths for youth and learners of all ages.

PiGreco - SEMI values creativity and inclusion. We promote an intercultural community where young people can explore and experiment, fostering the exchange of ideas and bridging divides. Our educational activities embrace this vision, adapting to diverse learners with personalized approaches.

We follow the philosophy of "Teach the way I learn", in the frame of Non Formal Education. Erasmus youth (18-30), high-school students (14-19), middle schoolers (11-14), and young learners (6-11) find a safe space, while retired people embrace digital tools, asylum seekers learn cultural coordinates, and staff members keep updating and learning.

Our core values foresee an engaging and enjoyable learning experience, active listening and a harmonious relationship with our environment.

The concept of networking is at our core: we build partnerships with local and international stakeholders in the field of education, inclusion, training, creativity. Supported by Business Network International (BNI) since 2019, we synergize with over 25 businesses in our local community and non profit organizations in Italy, Europe and beyond.

Erasmus+ KA1 Mobility:

Since 2017, we've implemented Youth Exchanges and Training Courses, nurturing creativity and inclusion. As of 2022, our Erasmus+ KA1 accreditation enriches our mobility of learners and youth workers.
